TSCA will be discussed by Chemours at next week's meeting. Brian Isreal spoke with me today and said they will provide an informal response to the TSCA NOV at next week's meeting. A Formal response in writing isn't expected until March 29.

Quick question on the Chemours meeting: will it be solely about the 308/NPDES inspections, or will it also involve TSCA and the NOV's that were recently sent?

O.K. I'll wait to hear back from you on next week's meeting. Jeff and Charlie, it sounds like we should set up a meeting with ORD to discuss coordination. Rick, can you remind me who the point person is?

Per Joe's direction on the call, I am attaching the CWA 308 information requests we have sent to Chemours to date. They have partially responded to the two requests sent in November; we expect additional responses to all three requests at the end of this month.
